

JUDGED CLASSES for SUNDAY's SHOW

Typically, WACONIA offers special judged classes for the featured snowmobile brand on any given year. However, most participants will want to display their sled in the traditional judging categories that are non-brand specific.

Below you will see a listing of the traditional show classes. Be aware that we have categories for UNRESTORED, RESTORED, CUSTOM, CLONE, SURVIVOR, and JALOPY/HOME BUILT snow machines. If you just want to show your machine, without any judging, enter our UNRESTORED NON-JUDGED or RESTORED NON-JUDGED categories

When you fill in your event registration form, please designate which category you prefer for your sled. ([The event registration form can be downloaded off the WACONIA website --- see REGISTRATION page.](#))

* Survivor class is for those truly original, untouched, as manufactured snowmobiles. No touch up or repaint whatsoever.

** Custom class is for any snowmobile customized by the owner. This is offered only as a restored class. Customization examples: custom paint, custom fiberglass work, retrofitted independent front suspension, Polaris engine in another brand chassis, etc. Please specify "Custom" when you fill out your registration form.
