* Survivor class is for those truly original, untouched, as manufactured snowmobiles. No touch up paint or repaint whatsoever.

** Custom class is for any snowmobile modified by the owner. Customization examples: custom paint, different seat, custom fiberglass work, retrofitted independent front suspension, Polaris engine in a different brand chassis, etc. (see also Ultimate Builder asterisk below.

*** Custom Ultimate Builder comes from the motorcycle show world where functionality, engineering and design come together to create some incredible show pieces. Focus is not on chrome & polish, but rather on the ingenuity, design, skills and execution of the builder.
